WHOLESALE

Trade List

This list of Ornamental Evergreens, Shade Trees, Shrubs and Vines, is arranged alphabetically by their botanical names, followed by the English name.

The symbols B&B indicate that variety is furnished with roots Balled and Burlapped at the price stated.

ORDERS are subject to stock being unsold upon receipt.

RATES: The prices listed cancel all previous lists. They are based upon current market conditions and are subject to change without notice.

1-4 sold at each rate; 5-24 at 5 or more rate; 25-249 at 100 rate where listed; 250 or more at 1,000 rate, when quoted.

Westcroft Gardens warrants to the extent of the purchase price that nursery stock is true-to-name and as described within recognized tolerances. Seller gives no other or further warranty, express or implied, and will under no circumstances be liable for more than the invoice value at the time of purchase.

In addition to a complete selection of balled and burlapped and bare root stock, we are now offering a useful supply of container-grown plant material. Those items so listed have been grown at Westcroft in the container for one or more years. Sizes 18 to 24 inches and smaller are in Lerio 'Plantainers' 2-gallon metal cans; larger sizes are in an approximate 4-gallon polyethylene container.

You are invited to visit our nursery. Business hours are as follows:

Monday through Friday, 8:00 - 4:30 all year.

Saturdays, 8:00 - 4:00 except during January, February, March, July and August.

PEAT MOSS

7½ cu. ft. bales, German		\$5.50	
--------------------------	-------	--------	--

Rhododendrons and many other broad-leaved evergreens can be successfully grown in Michigan if proper attention is given to soil acidity, drainage and feeding.

We recommend that they be planted in peat moss with an eastern or northern exposure. If they are treated with our acid soil conditioner called Greenleaf Compound, they will reward the grower with lustrous deep green foliage throughout the year and gorgeous flowers in May and June.

Pachysandra Terminalis

\$16.00 per C
